From Related Local Coverage Document - L37066 - Lab: Coenzyme Q10:

This is a non-coverage policy for serum or other body fluid testing for levels of Coenzyme Q10 (CoQ10 or Q10), also known as ubiquinone, ubidecarenone, coenzyme Q, for all diseases.

Based on the results of multiple articles representing multiple conditions. the scientific evidence to support coverage of Q10 for any purpose is controversial and/or limited for all diseases.

Randomized controlled studies are recommended to demonstrate clinical utility. Consequently, testing for Q10 is not a Medicare benefit.
